*To the Board of Supervisors of Wyoming County:*

The undersigned Railroad Commissioners of the town of Warsaw would respectfully report—

That our predecessors on or about the 1st day of July, 1882, refunded the bonds of the town of Warsaw which had been issued to aid in the construction of the Rochester and State Line Railroad, at the sum of

\$100,000 at 4 per cent. interest. Since the first day of July, 1892, \$14,000 of said bonds have been paid, leaving the present bonded indebtedness of the town at \$86,000. Of this amount \$84,000 have been extended by our predecessors at  $3\frac{1}{2}$  per ct. interest.

To meet the principal of the remaining \$2,000.00, we have on hand \$1,390.90, which we think, together with money in the hands of the County Treasurer to the credit of the bonding account of the town of Warsaw, will enable us to pay the said \$2,000.00 of bonds on the 1st day of January next. It will be necessary to raise upon the taxable property of the town of Warsaw the sum of \$40.00 to pay six months' interest on the last mentioned \$2,000, and \$2940.00 to pay the interest on the remaining \$84,000.00 of bonds—making a total amount to be raised for interest, \$2,980.00. We also recommend that there be raised for the sinking fund for the payment of the bonded indebtedness of the town the sum of \$2,000.00—making the total amount to be raised, \$4,980.00.

All of which is respectfully submitted.

Three bonds of one thousand (\$1,000) dollars each become due and payable July 1st, 1896. The County Treasurer informs us that he has the money in his hands to pay one bond of one thousand (\$1,000) dollars, and we have in our hands twenty 6-100 (\$20.06) dollars, leaving the amount to be raised for railroad purposes in next tax levy at two thousand nine hundred and twenty-four 94-100 (\$2,924.94) dollars as follows:

### *To the Board of Supervisors of Wyoming County:*

Your committee to whom the report and accounts of the Superintendents of the Poor were referred, would respectfully report: That they have examined said report, books and accounts of said Superintendents for the year ending Oct. 31st, 1895, and find them correct. We have also examined the individual accounts as charged in the bills and presented to the Board, and recommend that they be allowed as follows:

Name of Claimant.	Claimed.	Allowed.
James W. Ives.....	\$228.00	\$228.00
Wm. H. Ewell.....	144.00	144.00
Wm. McNair.....	267.00	267.00

We would also further report that the books of the Superintendents of the Poor show that they have overdrawn from the County Treasurer the amount of \$310.38, and that there is now in the hands of the Superintendents the sum of \$45.49.

In our opinion the Superintendents have performed their duties in a careful and business-like manner. There has been an unusual demand for temporary relief, causing an increase in expenditures.

Your committee would recommend that there be levied upon the taxable property of the several towns the following sums respectively to reimburse the county for support of the poor:

Arcade.....	\$240.28	Middlebury.....	\$498.80
Bennington.....	145.27	Orangeville.....	245.20
Castile .....	277.15	Perry .....	111.90
Covington.....	119.60	Pike .....	239.20
Gainesville .....	335.05	Warsaw.....	164.73
Java .....	154.10	Wethersfield .....	125.75

Your committee would recommend that the Superintendents of the Poor delegate not to exceed two of their number to represent them at the Annual State Convention of Superintendents, at the expense of the county.

We also present herewith the annual report of the Superintendents of the Poor.

C. D. WING,

H. P. BURNELL,  
Committee.

Varysburg, N. Y., Nov. 1, 1895.

To the Wyoming County Superintendents of the Poor:

Gentlemen—During the past year I have made 98 visits to the Alms House, at which I have dispensed 235 perscriptions. The little sickness we have had among the inmates has been almost entirely from chronic diseases and the 11 deaths have occurred from the following causes: Paralysis, 3; old age, 2; debility, 2; consumption, 1; Bright's disease, 1; cancer, 1; hepatitis, 1. The few surgical cases have each been of a minor character and discharged in a few weeks. Knowing as I do your desire to provide the best possible care for all, I wish to

invite your careful attention to a much needed improvement. I refer to the finishing and furnishing of the rooms over the dining rooms, making them suitable for patients who are seriously ill or injured. A small sum expended in this manner would add greatly to the comfort of those unfortunates, as they could here enjoy perfect quiet and we could much easier provide a constant attendant, and in every way give them better care with the same amount of labor. I believe this is an unfinished part of the original plans of improvements, and I would suggest that you lay the matter before the Board of Supervisors, with a petition for the small appropriation needed for this work.

Respectfully submitted.

WM. STAINTON, M. D.,  
County Physician.

We would recommend that your honorable body take into consideration the fact that for many months during the summer the Poor House Buildings are almost destitute of water, especially for protection against fire. Also the necessity of a new furnace in the woman's building. A new closet and some new floor are badly needed in the men's building. We would call your attention to the fact that a new floor and a new roof are needed for the main cow barn; and that all the buildings are sadly in need of paint. If repairs of any amount are made, it will be necessary to make appropriations for the same. The inside arrangement of the Idiotic building has all been changed, in accordance with your suggestions last year, and from plans furnished by the State Board of Charities, through Hon. Wm. P. Letchworth.

We would also report that the Clerk's Office and Court House are in good repair, except some small repairs which are needed to the floor in the Surrogate's Vault, the cost of which will be small. The Clerk presented the following communication from the Commission on State Prisons:

OFFICE OF THE STATE COMMISSION OF PRISONS, }  
ALBANY, N. Y., November 4, 1895. }

*To the Chairman of the Board of Supervisors of Wyoming County:*

Dear Sir: At a meeting of the State Commission of Prisons, held on the 30th day of October, 1895, the following resolution was adopted:

*Whereas*, Section 29, of Article 3, of the Constitution of the State of New York, required the Legislature to provide for the occupation and employment of prisoners sentenced to the several state prisons, penitentiaries, jails and reformatories in the state; and on and after the first day of January in the year one thousand eight hundred and ninety-seven no person in any such prison, penitentiary, jail or reformatory shall be required or allowed to work while under sentence thereto, at any trade, industry or occupation, wherein or whereby his work, or the product or profit of his work, shall be farmed out, contracted, given or sold to any person, firm, association or corporation, and said section provides that the Legislature may provide that convicts may

work for, and that the product of their labors may be disposed of to the State or any political division thereof; and,

*Whereas*, In obedience to said section of the Constitution, the Legislature did enact a law which went into effect on the 15th day of June, 1895; and,

*Whereas*, Said law directed the Governor to appoint a commission to be known as the State Commission of Prisons, and the Governor having appointed such commission, and said commission having duly organized under chapter 1026 of the laws of 1895; and,

*Whereas*, It becomes the duty of said commission to ascertain and recommend such system of employing such inmates as may be in the opinion of said Commission for the best interest of the public and not in conflict with the provisions of the constitution relating to the employment of prisoners; now therefore, be it

*Resolved*, That the Secretary of said Commission be and he is hereby instructed to communicate with the Chairman of the several Boards of Supervisors of the counties of the State and request the said Boards of Supervisors to take such action as they may severally deem proper, in relation to the employment of the inmates of the said institutions, and that the Secretary inquire especially as to the feasibility of having all convicts sentenced for a term of one year or under, retained in the county where convicted and compelled to labor on the highways in said county, and that the Boards of Supervisors be requested to submit to this Commission their conclusion thereon on or before December 1st, 1895.

In accordance with said resolution the Commission respectfully requests the action of the Board of Supervisors of your county upon the matter therein suggested and your report thereof; and also especially the action and views of your Board, as to the feasibility of having all convicts sentenced for one year or under, retained in the county jail or penitentiary in the county where convicted, and compelled to labor on the highways in said county, and also the action of the Board in relation to such employment of convicts in said institutions in your county, and to submit to this Commission your conclusion thereon on or before December 1st, 1895.

Very truly yours, LISPENARD STEWART, President.  
AUGUSTUS SHERMAN, Secretary.

On motion, the Clerk of this Board was directed to answer the communication and to state to the said Commissioners on Prisons that the Board of Supervisors of Wyoming County does not regard the plan of having all convicts sentenced for one year and under retained in the county jails of said counties where convicted, and compelled to work upon the highways of said counties, as a feasible one.

That it is the opinion of this Board of Supervisors that to cause prisoners to work upon highways is not feasible, especially in country districts; that their labors would necessarily be confined to a small circle of territory near the county jail, and in their opinion that for every dollar's worth of labor rendered by the prisoners, would cost two dollars for overseers and attendants.

That it would be a great burden upon counties in country districts to maintain all prisoners sentenced for one year and under in the county jail as the expense for boarding prisoners in county jails in country districts is much greater than in cities, or in prisons or penitentiaries.

Mr. Mason moved that the following communication from the Secretary of the Good Roads Commission be referred to the Committee on Roads and Bridges. Carried.

PORT JEFFERSON, Suffolk Co., N. Y., Nov. 13, 1895.

*Mr. Charles J. Gardner, Clerk of the Board of Supervisors:*

DEAR SIR: The Com. on Good Roads appointed, at the suggestion of Gov. Morton, by the Legislature of last winter has quite thoroughly investigated the system of road building by state aid in Massachusetts, Connecticut and New Jersey, and has also visited a number of counties in this State for the purpose of learning something of the condition of the highways, and of obtaining views of leading citizens as to some plan for improving them. The Commission finds it impossible to visit all the counties, but desires to learn the opinions of the people of every section, and to that end requests you to submit to your Board of Supervisors the following inquiries. If there is not a practical unanimity please give individual views of the members. By compliance with this request within a short time you will greatly facilitate the committee's making a full and early report to the next Legislature.

Yours most respectfully,

J. E. OVERTON, Sec'y.

1. Has your county built any roads under the County Road Law?
2. What system of working the highways is in vogue in your town?
3. What is the general condition of the highways in your town?
4. What is the sentiment of the people in your locality in regard to a general act repealing the present law which provides for working out the tax, and substituting the money tax system?
5. In case of its adoption, in your opinion, would better results be obtained by having one commissioner to each town, or three as at present.
6. Would you have such commissioner or commissioners appointed?
7. Do you favor the passage of a law providing for building roads in this State by State aid?
8. Would the majority of the taxpayers in your locality favor such a law?
9. If so, what plan would you suggest as being most feasible?
10. Do you favor the enactment of a general law compelling the use of wide tires on heavily loaded wagons?
11. Would the people in your locality favor such a law?
12. What is your opinion as to the feasibility of employing convict labor upon the highways of the State?
13. Any suggestions or recommendations not included in the above?

The Clerk presented the following report of the Grand Jury of the December Oyer and Terminer:

*To the Honorable Board of Supervisors of Wyoming County:*

We the grand jurors who served at the Court of Oyer and Terminer of Wyoming County for the December, 1895, term of Court, having had the assistance of a stenographer, do heartily approve of the em-

ployment of a stenographer for the Grand Jurors of said county. We believe that such employment is economy for the County, as well as a vast saving of time for the grand jurors and recommend a continuance of such practice.

#### — EVENING SESSION.

Board met at 7 o'clock.

Mr. Clark, from the Committee on Roads and Bridges, to whom was referred the communication of J. E. Overton, Secretary of the Good Roads Commission, submitted the following report of such committee, which on motion was accepted and adopted:

Your Committee to whom was referred the communication and queries of J. E. Overton, Secretary of the "Good Roads Commission" appointed by the Governor of the State of New York, would respectfully report, that after carefully considering the questions submitted to us by the said Secretary, we recommend the following replies to be made:

Question No. 1—"Has your county built any roads under the County Road Law?" No roads have ever been built by Wyoming county as a county.

Question No. 2—"What system of working the highways is in vogue in your town?" We reply for the county, that in all of our towns in small villages and country districts the tax has been paid by labor on the highways, while in the large villages the highway taxes have been paid in money, and expended under the direction of the Street Commissioner of the village.

Question No. 3—"What is the general condition of the highways in your town?" We reply again for the county, that while there may be exceptions to this statement, the roads generally in our county are not very good.

Question No. 4—"What is the sentiment of the people in your locality in regard to a general act repealing the present law which provides for working out the tax, and substituting the money tax system?" We think that a large majority of the people would oppose it.

Question No. 5—"In case of its adoption, in your opinion, would better results be obtained by having one commissioner to each town, or three as at present?" Our opinion is that under any system one commissioner is better than three. All of the towns in our county have but one highway commissioner.

Question No. 6—"Would you have such commissioner or commissioners appointed?" We think the general sentiment would favor the election, rather than the appointment of highway commissioner.

Question No. 7—"Do you favor the passage of a law providing for building roads in this State by State aid?" Considering the practical impossibility to do equal justice to all parts of the State, we are opposed to such a law.

Question No. 8—"Would the majority of the taxpayers in your locality favor such a law?" We think a majority of the taxpayers would be decidedly opposed to such a law.

Question No. 9—"If so, what plan would you suggest as being most feasible?" We can conceive of no feasible plan of State construction of roads that would be just as between different sections of the State.

Question No. 10—"Do you favor the enactment of a general law compelling the use of wide tires on heavily laden wagons?" We would favor such a law in cities and large villages, but do not consider wide tires as good for country roads.

Question No. 11—"Would the people in your locality favor such a law?" We think not, except as stated in our reply to question No. 10.

Question No. 12—"What is your opinion as to the feasibility of employing convict labor upon the highways of the State?" We do not think that it would be an economical method of using the taxpayers' money. From information received, we judge that the employment of convict labor would be the most expensive method possible to construct roads.

H. J. MCNAIR,

JOHN E. MASON,

We further report, that by order of the State Commission in Lunacy (under the State Care Bill of 1890) we have discharged, and caused to be removed all the Insane, public and private, from the institution. The County has at the present time, seven Insane Patients in the Willard State Hospital, fifteen in the Buffalo State Hospital, and one in Utica State Hospital, making a total of twenty-three Insane in State Hospitals.

The average expense per week at the Poor House for Poor this year is \$1.11, being 11 cents higher than last year, which is in consequence of the removal of the insane. As the County does not receive as much money from towns and the friends of Private Patients for the care of Insane as heretofore, while it costs just as much for coal and fuel to warm the buildings, and about as much for help to take care of the patients, as if all that have been discharged were here, the only difference being the expense of their provisions uncooked, and we expect the rate will have to be raised still higher another year unless you make larger appropriations.

We have settled with and paid the keeper and all the help employed on the County farm, and have paid all bills, as audited by us, up to November 1st, 1891.

In our opinion it will be necessary to raise the sum of fifteen hundred dollars (\$1500) for the support of County Poor, and to pay temporary relief bills for County paupers for the ensuing year.

*To the Board of Supervisors of Wyoming County:*

The Committee which was appointed at the close of last year's session of the Board of Supervisors to attend to the bill for the State Care of the Insane, would respectfully report:

That the Chairman received notice from the Clerk of the Board, also one from the Superintendent, Mr. Ives, that a call had been made by the several counties who are opposed to the bill for the State Care of the Insane to meet at Albany, on Feb. 4th, 1891, at the assembly parlors, at 3 p. m. of that day to formulate a plan of procedure to bring about the desired object—either to prevent an appropriation or make a test case of some county as to the constitutional validity of the law.

Your Chairman on the 24th day of January, 1891, was at the County Farm to get facts and statements in regard to our chronic insane. On arriving at the farm, Mr. Stone was absent. The Chairman then called the Committee together on the 31st day of Jan., at Warsaw, to make arrangements to meet at Albany, and after consulting together it was thought advisable that the Superintendents and the keeper of our almshouse should also be present at Albany.

On arriving at Albany we found over a hundred Supervisors, representing seventeen counties, and most of them were also represented by their Superintendents—found them earnest and determined in their work. The organization was made by electing W. Carter, of Livingston, president, and P. P. Rogers, of Broome, secretary.

Several of the gentlemen spoke against the action of the State' Commissioner in Lunacy.

A committee composed of one member from each county was named to meet the next day. Mr. Stone was named for Wyoming county.

On Thursday, the 5th, we had a hearing before the Assembly Committee. There was a committee of five appointed to draft a resolution to ask for the repeal of the present law for the State Care of the Insane. On that committee was Nixon, of Chautauqua, Adams, of Orange, Carter, of Livingston, Downing, of Queens, and Wolcott, of Wyoming.

There was a strong resolution drawn up and presented to the committee, and we had plenty of proof that ours, with other counties, had facilities for the care of the insane far better than some of the state institutions. But being before a packed committee, they paid no attention to the proof presented and subsequently declared in favor of the bill.

We are of the opinion of Judge McAdam, who in his lecture to the Society of Medical Jurisprudence in New York, stated that out of the 17,000 insane patients in the state, not over 1,000 had been sent on proper warrants of a regularly constituted court. He said that the physicians who signed the commitments might be called into court at any time to give evidence as to the sanity of a patient; the physicians acted without sufficient warrant; they could be prosecuted criminally and civilly, and in justice to humanity, they should be punished. Your committee would recommend that you confer with the State Board in Lunacy and get a formulated statement of their form of treatment of the insane so that we can become one of the exempted counties of the state.

All of which is respectfully submitted.

CHAS. D. WOLCOTT,  
G. FRANK WING,  
HENRY LEROUX,

Mr. Leroux, from the special committee on fees of jurors in justices court, submitted the following report, which on motion was adopted.

Your committee to whom was referred the resolution in relation to an increase of the fees of jurors in trials before Justices of the Peace, would respectfully recommend the adoption of said resolution.

HENRY LEROUX,  
 GEO. H. BUSH,  
 L. M. KITTSLLEY,  
 Committee.

Mr. Bush from the Committee on Erroneous Assessments submitted the following report which on motion was adopted by the following vote:

Ayes,—Messrs. Tilton, Shea, Kittsley, Bush, Isham, Howes, Cummings, Dunn, Smith, Bradley, Wheeler, Toan, Granger, Leroux, Lusk, Bliss—16. Noes,—0.

*To the Honorable Board of Supervisors of Wyoming County:*

Your Committee on Erroneous Assessments having taken into consideration the

various petitions brought before them, do respectfully recommend that the following corrections be made:

Upon the petition of the board of assessors of the town of Bennington, that there be assessed lands of Clarissa Rhinehard, viz: lot 26, 31 acres, at \$16.00 per acre, value \$496—the same having been omitted from the assessment roll of said town of 1890, and that the same be assessed at the rate of said year.

Also that the petition of the assessors of the town of Warsaw be granted, asking the sum of \$1,000, personal assessment, against Ellen McEntyre, be erased from the assessment roll of said town.

We would also recommend that the petition of the board of assessors of the town of Covington be granted, requesting that the assessment against the Western Union Telegraph Company in said town be corrected so as to read Telegraph, Western Union Co.

3 56-100 miles of poles at \$40.00 per mile.....	\$142.40
7 12,100 " " wire " 15.00 " " .....	106.80
Total valuation.....	\$249.20

That the petition of the board of assessors of the town of Java requesting that there be lands assessed to Matthew Kavanagh, valued at \$1,650—and John Hart, valued \$550, be added to the assessment roll of said town, the same having been omitted from the roll for the year 1890, be granted and the same be assessed at the same rate as last year.

In reference to the petition of Clarisa A. Ingraham, your committee hold that this board have no jurisdiction in the matter it not having been presented in proper form.

We would also recommend that the petition of the board of assessors of the town of Arcade, requesting that lands be assessed to James W. Cramer, described as follows:

E. M. 36 7-3, 55 acres @ \$18.00.....	\$990.00
" 17 " 143 " " 20.00.....	2,860.00

Also lands of Eastman Wells described as follows, N. M. 13, 7-4 2 acres \$1,800.00—the above described property having been omitted from the assessment roll of said town for the year 1890, that it be assessed at the same rate of last year, and placed upon the assessment roll of said town.

That an order be drawn upon the town of Arcade, payable to the order of Ira Eastman for the sum of \$13.09, the amount claimed by him, under affidavit, for erroneous assessments for the years 1881 to 1890, inclusive, being an excess tax upon lands laying partly within the village limits and part outside said limits.

Upon the verified petition of J. E. Battin that he is an ordained clergyman and therefore entitled, according to the laws of the state, to an exemption from taxation, of the sum of \$1,500, and it appearing from the statement of said petitioner that he is not the owner of real and personal property to the amount of \$1,500, and it appearing that he has been assessed in the town of Gainesville upon real estate to the amount of \$500, your committee recommend that the same be stricken from the assessment roll of said town, the same being exempt by law.

Upon the affidavit of Chas. W. Rudd that he is a resident of the town of Perry, and that he is owner and occupant of a tract of land, containing about ten acres, a part lying in the town of Perry and a part lying in the town of Castile, which is all the real estate occupied by him in the County of Wyoming, that for the year 1890, the said ten acres was assessed in both the towns of Castile and Perry. Your committee upon careful investigation recommend that the assessment of Charles W. Rudd and described as follows: Lot 48, 10 acres, valued at \$40. per acre, total value \$400, be taken from the assessment roll of the town of Castile, and that an

order be drawn upon the town of Castile for the sum of \$2.39 in favor of said Chas. W. Rudd, being the amount of tax paid the town of Castile for the year 1890.

GEO. H. BUSH,  
F. E. BLISS,  
L. L. GRANGER.

Mr. Bliss moved that there be levied on the taxable property of road districts of the town of Wethersfield as follows:

Districts Nos. 2, 3, 7, 11, 24, 27.....	\$101.60
“ “ 5, 9, 15.....	23.40

“ “ 18, 20, 21, 23, 32.....	42.13
“ “ 1, 16.....	38.87
“ “ 4.....	28.48

In payment for road machines for the several districts and spread upon the tax roll of said town.

Carried by the following vote:

Ayes,—Messrs. Tilton, Shea, Kittsley, Bush, Isham, Howes, Cummings, Dunn, Smith, Bradley, Wheeler, Toan, Granger, Leroux, Lusk, Bliss—16. Noes,—0.

Mr. Kittsley from the committee on County Treasurer's accounts, submitted the following report, which on motion was adopted.

*To the Board of Supervisors of Wyoming County:*

We, the undersigned committee to examine the accounts of Simeon D. Lewis, Treasurer of said County, have performed that duty and carefully examined the accounts and vouchers of said Treasurer, also the Infants' Trust Funds in his care and find the same correct and satisfactory in every particular. We also find at the date of his report that there was to his credit as Treasurer, in the Wyoming County National Bank, the sum of two thousand and three hundred and twelve dollars and thirty-two cents (\$2,312.32).

It is with pleasure that we call the attention of this board to the systematic and careful manner in which the different accounts are kept, and for the faithful discharge of the many perplexing duties pertaining to his office.

We also report in the matter of returned School Taxes that have been paid by the County Treasurer, there should be charged to the property hereafter mentioned, the sums named being the amounts so returned and paid by him with seven per cent added, as provided by Chapter 250, Laws of 1883.
